cancelled or suspended

Active Ingredient: metaldehyde4.0%
Inert Ingredients:96.0%
Total:100.0%

KEEP OUT OF REACH OF CHILDREN
CAUTION

ENVIRONMENTAL HAZARDS: Follow all applicable directions, restrictions, and
precautions in the Environmental Hazards section of the label affixed to the main container
of Metarex 4% Snail and Slug Bait.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
This SLN label and the label affixed to the main container of Metarex 4% Snail and Slug
Bait must be in the possession of the user at the time of pesticide application. Follow all
applicable directions, restrictions, Worker Protection Standard requirements, and
precautions on this SLN label and the label affixed to the main container of Metarex 4%
Snail and Slug Bait.

CROPS

Clover grown for seed and vetch grown for seed, and the following crops grown for seed:
Allium spp. except garlic (leek, bunching and dry bulb onions), arugula, beet (garden
and/or sugar), crucifers (*Brassica* and *Raphanus* spp. including broccoli, Brussels sprouts,
cabbage, cauliflower, Chinese cabbage, collard, kale, kohlrabi, rutabaga, turnip, mustard
greens, radish), dill, endive, lettuce, parsley, parsnip, spinach, and Swiss chard.

APPLICATION DIRECTIONS

Apply at a rate of 5 to 20 pounds of product per acre. Use the higher rate when pest pressure is high. The maximum application rate is 20 pounds of product per acre (0.8 lb ai/A) per application. A maximum of 4 applications are permitted per year at a minimum retreatment interval of 14 days. The maximum annual application rate is 80 pounds of product per acre (3.2 lb ai/A) per year. Apply bait by broadcast alone or by broadcasting blended with fertilizer. Application may also be made at planting using in-furrow (seed drill) application equipment. Do not apply to dry soil. Best results are obtained if applied in the evening, after irrigation or rain. Do not irrigate for 48 hours after application.

SPECIAL CROP USE RESTRICTIONS

The pesticide applicator, the producer of the crop, and the seed conditioner must be aware that use of this product according to this labeling is deemed a non-feed/non-food use by the Oregon Department of Agriculture, and is regulated by the Oregon Administrative Rule (OAR) 603-057-0535, Pesticide Use On Crops Grown For Seed. If the applicator of this pesticide is not the producer, the applicator must provide a copy of this labeling to the producer of the crop. Producers of this crop who use this product, or cause the product to be used on a field they operate, must provide a copy of this pesticide label to the seed conditioner.

This pesticide does not have an established pesticide residue tolerance for use on these crops as specified under this SLN labeling. Consequently, no portion of these seed crops treated under this SLN labeling may be used or distributed for food or feed for 1 year (365 days) after the last application of this product. This restriction pertains to, but is not limited to, green chop, forage, hay, pellets, meal, whole seed, cracked seed, straw, roots, bulbs, foliage or seed screenings, and to the grazing of the crop field, stubble or regrowth. All seed screenings shall be disposed of in such a manner that screenings cannot be distributed or used for food or feed purposes, as indicated in OAR 603-057-0535. Additional regulations concerning seed screenings are stated in OAR 603-057-0535.

Any seed from a field treated with this pesticide product shall bear specific and conspicuous container labeling, or if shipped in bulk, on the shipment invoice or bill of lading. The labeling shall contain the following statement:

"This seed was produced using one or more products for which the United States Environmental Protection Agency has not established pesticide residue tolerances. This seed, in whole, as sprouts, or in any form may not be used for human consumption or animal feed. Failure to comply with this condition may violate requirements of the Federal Food and Drug Administration, the Oregon Department of Agriculture and other regulatory agencies."
